SUMMARY

Dynamic **Full Stack Developer** with hands-on industrial experience designing and deploying responsive web applications using **React**, **Next.js**, and **Nest.js**, **Express.js**. Skilled in building robust frontend interfaces, optimizing backend architectures, and integrating **AI-driven** features. A collaborative problem-solver focused on writing clean, maintainable code and managing end-to-end deployment workflows.

WORK EXPERIENCE

Full Stack Engineer | AxentraLab | Dhanmondi, Dhaka | 01/2026 – Present (Full Time, Remote)

Responsibilities & Achievements:

- Developed SaaS products using modern technologies like **Next.js** and **Nest.js**, successfully integrating advanced **AI-driven** features.
- Engineered scalable backend architectures and optimized data workflows using **Node.js**, **PostgreSQL**, **Prisma**, and **RAG** (Retrieval-Augmented Generation).
- Collaborated with team members to add new features via APIs and ensure the final product can handle growth smoothly.

Backend Developer | SM Technology | Banasree, Dhaka | 06/2025 – 12/2025 (Full Time, Onsite)

Responsibilities & Achievements:

- Developed SaaS products, designed and deployed scalable RESTful APIs utilizing **Next.js**, **Nest.js**, **Express.js**, **PostgreSQL**, and **Prisma**, successfully integrating advanced **AI-driven** features.
- Implemented robust **JWT** authentication and Role-Based Access Control (**RBAC**) to enforce strict application security.
- Integrated **Stripe** and **PayPal** payment gateways alongside **AWS** cloud services for secure transaction processing, asset storage, and deployment.

SKILLS

- **Front-end:** Next.js, React, TypeScript, Tailwind CSS, Shadcn, DaisyUI, Bootstrap, Zustand
- **Back-end:** Node.js, Nest.js, Express.js, PostgreSQL, MongoDB, Prisma, Mongoose, Redis, RESTful APIs
- **Cloud & DevOps:** AWS (EC2, S3, IAM, CLI), Docker, Nginx, PM2, GitHub Actions, CI/CD
- **Tools & Architecture:** Git, GitHub, Postman, Swagger, Figma, Photoshop, VS Code, JWT, RBAC
- **Soft Skills:** Technical Communication, Problem-Solving, Critical Thinking, Adaptability, Team Collaboration

PROJECTS

1. Chaka Ride (Car Rental Platform) [Live](#) | [Client Code](#) | [Server Code](#)

Technologies: Next.js, Nest.js, TypeScript, PostgreSQL, Prisma, OpenAI (RAG), Zustand, Tailwind CSS

- Developed an AI-powered core featuring LLM-driven Smart Trip Assistant for natural language vehicle searches and an automated AI Dispatcher for driver matching.
- Implemented secure cookie-based sessions, Google social login, and robust Role-Based Access Control (RBAC) via Better-Auth for Passengers, Drivers, and Admins.

- Built a responsive interface featuring dynamic dark/light theme switching, Cloudinary asset hosting, and multi-lingual support (English and Bangla) using Zod validation.

2. Quick Hire (Job Application Portal) [Live](#) | [Client Code](#) | [Server Code](#)

Technologies: Next.js, Express.js, TypeScript, Zustand, PostgreSQL, Prisma, Better Auth, Stripe, RAG, Zod
Features:

- Architected an end-to-end job portal lifecycle with categorization, real-time application tracking, and a seamless candidate experience for linking resumes and custom cover notes.
- Integrated Unified Authentication and secure multi-role RBAC via Better-Auth to enforce isolated environments, session management, and account verification for Admins, Recruiters, and Applicants.
- Implemented Stripe checkout-based payment gateways alongside webhook fulfillment to manage secure transaction processing, tying premium course access to verified paid purchases.

3. ChemistBD (Ecommerce platform) [Live](#) | [Client Code](#) | [Server Code](#)

Technologies: Next.js, Express.js, TypeScript, PostgreSQL, Prisma, Better-Auth, TanStack Query, Axios, Shadcn
Features:

- Designed and engineered a scalable multi-tenant architecture supporting isolated dashboards for Admin, Seller, and Customer roles.
- Secured platform infrastructure by implementing rigorous data schemas using Zod validation, Bcrypt password hashing, and Role-Based Access Control (RBAC).
- Optimized image handling processes and responsive interface components using Tailwind CSS, Zustand state management, and Cloudinary storage management.

EDUCATION

Bachelor of Science (BSc) in Mathematics

Government Titumir College, Dhaka

2015 - 2020

Higher Secondary School Certificate (HSC)

Government Science College, Dhaka

Group: Science

2012 - 2014

COURSES AND CERTIFICATION

- **Next Level Web Development** | Programming Hero | 10/2025 – 05/2026
- **Web Development Complete Course** | Programming Hero | 06/2024 – 01/2025
- **Professional English Communication Skills Certification** | WSDA, New Zealand | 06/2023
- **Professional Web Design** | BASIS SEIP project | 04/2023 – 06/2023

HOBBIES

Traveling: Passionate about exploring new places and experiencing diverse cultures. Traveled to **Thailand**, **Dubai** and **Australia** which enhanced my global perspective and adaptability.

LANGUAGE

Bangla (Native) | | English (Fluent) | | Hindi & Urdu (Comfortable)
